Finalists Announced in 2014 Ingenious Awards Program

Gold Sponsors:

Ottawa, September 3, 2014 – In a world where success depends on innovation, collaboration and an uncompromising focus on excellence, ITAC, the organizer of the 2014 Ingenious Awards program, is pleased to announce the 19 finalists in this year’s competition.

Ingenious Awards celebrate the use of technology to improve the performance of large and small businesses, large and small government operations and not-for-profit organizations.

Fifty seven nominations were scrutinized by judges from the CIO Association of Canada who looked for clear demonstrations of measurable achievement and innovation related to the use of information and communications technology to address opportunities and challenges.

Supporting Sponsors:

Nominations came from across Canada, with finalists representing five provinces. A second panel of five judges will review the finalist submissions and determine the 2014 Ingenious Award winners. The winners will be announced at the [Ingenious Awards Gala Dinner](#) on November 27 in Toronto.

Media Sponsors:

“The nominations were impressive, and clearly demonstrate the integral role information technology plays across sectors ranging from financial services to the marine industry,” says Karna Gupta, President and CEO of ITAC. “On behalf of ITAC and the Ingenious Awards Program, I want to thank all the organizations that participated in the call for entries. You made it very tough for the judging panel.”
